Report on the Financial Statements

We have audited the accompanying consolidated financial statements of PeopleFund (the "Organization"), which comprise the consolidated statements of financial position as of December 31, 2015 and 2014, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of PeopleFund as of December 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements to Federal Awards (Uniform Guidance)*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 15, 2016, on our consideration of PeopleFund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering PeopleFund's internal control over financial reporting and compliance.

PeopleFund

Notes To Consolidated Financial Statements
December 31, 2015 and 2014

NOTE 1- ORGANIZATION

PeopleFund is a 501(c)(3) non-profit corporation whose mission is to promote economic vitality and opportunity in low-income communities by providing financial services and technical assistance that will: create jobs, provide needed goods and services, improve the physical environment, promote diversity in entrepreneurial success, and build individual and community assets. PeopleFund provides financing and comprehensive technical assistance services to businesses, community organizations and microenterprises in lower-income communities throughout Texas.

In 2012, PeopleFund NMTC, LLC was certified by the U.S. Department of Treasury – Community Development Institution Fund (CDFI Fund) as a Community Development Entity (CDE) under its New Market Tax Credit (NMTC) program.

PeopleFund NMTC, LLC is a wholly-owned subsidiary of PeopleFund. PeopleFund NMTC, LLC was formed to further PeopleFund's activities in the NMTC program. PeopleFund is the managing member of PeopleFund NMTC, LLC which has been designated as the managing member of various affiliated entities. In accordance with operating agreements of these affiliates, profits, losses and cash flows are allocated 50.01% to the managing member and 49.99% to the administrative member.

The NMTC program is a federal program created by Congress in 2002 and managed by the Treasury Department's CDFI Fund. The NMTC program is designed to encourage private capital investment in low-income communities by providing tax credits to investors who make qualified equity investments as defined in Section 45D of the Internal Revenue Code in privately-managed investment vehicles called CDEs. The CDEs then invest the proceeds of the qualified equity investments in low-income communities. The tax credits provided to the investors total 39% of the cost of the investments and are claimed over a seven-year credit allowance period.

The subsidiaries of PeopleFund NMTC, LLC (Sub CDEs) are certified by the U.S. Treasury's Community Development Financial Institutions Funds (CDFI) as Community Development Entities. As a CDE, the Sub CDEs' primary mission is to provide loans to qualified businesses in low-income communities of the Sub CDEs' service area.

PeopleFund Advisors, LLC was formed to function as the administrative member or administrative manager of the Sub CDEs.

On December 15, 2015, PeopleFund acquired Southern Dallas Development Corporation (SDDC) through a statutory merger certified by the State of Texas. SDDC is a 501(c)(3) non-profit Community Development Financial Institution whose mission is to stimulate economic growth and encourage financial literacy in southern Dallas through strategic business financing. The acquisition allows for the benefit of both organizations as PeopleFund will expand its presence in South Dallas and SDDC will continue as a going concern as a wholly owned subsidiary of PeopleFund. This acquisition fits into PeopleFund's vision to become the premier business lender in Texas.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

PeopleFund prepares its financial statements on the accrual basis of accounting whereby revenues and expenses are recognized in the period earned or incurred.

PeopleFund

Notes To Consolidated Financial Statements
December 31, 2015 and 2014

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Consolidation

The consolidated financial statements include the accounts of PeopleFund and its subsidiaries, PeopleFund NMTC, LLC; PeopleFund Advisors, LLC; and Southern Dallas Development Corporation, collectively referred to as the Organization. All significant intercompany accounts and transactions have been eliminated in the consolidation.

In accordance with accounting guidance from the Financial Accounting Standards Board (FASB) on Recognition of Control Partnerships and Similar Entities, the presumption is established that the managing member in a limited liability company controls the entity regardless of the extent of the managing member's ownership interest. The presumption of control may be overcome if the investor members have either (i) substantive participating rights or (ii) the substantive ability to dissolve the entity or otherwise remove the managing member without cause. The Organization determined that the presumption of control for the limited liability companies in which PeopleFund NMTC, LLC is a managing member were overcome as the investor members have substantive participating rights. Accordingly, the investments and related activities of the Sub CDEs have not been consolidated with these consolidated financial statements.

Financial Statements Presentation

PeopleFund is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted Net Assets

Unrestricted net assets result from operating revenues, unrestricted contributions, unrestricted investment income, less expenses incurred in operations and for fundraising and administrative functions.

Temporarily Restricted Net Assets

Temporarily restricted net assets represent resources currently available for use, but expendable only for those operating purposes specified by the donor. At December 31, 2015 and 2014, temporarily restricted net assets were restricted for use in small business lending initiatives and programs.

Permanently Restricted Net Assets

Permanently restricted net assets exist if the donor states the principal must never be used, but must be maintained, as an endowment. The Association had no permanently restricted net assets as of December 31, 2015 and 2014.

Cash and Cash Equivalents

Cash and cash equivalents consist of demand deposits and highly liquid investments with purchased maturities of less than three months. The carrying value of cash and cash equivalents approximates fair value due to the short-term nature of those financial instruments.

Investments

Investments are stated at fair value in the statement of financial position with any realized or unrealized gains and losses reported in the statement of activities.

PeopleFund

Notes To Consolidated Financial Statements
December 31, 2015 and 2014

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fixed Assets

Acquisitions of fixed assets valued at \$500 or more are stated at cost if purchased or fair value if donated. Depreciation is computed using the straight-line method over the estimated useful life of the asset, generally 5 to 39 years. The Organization reviews the carrying value of fixed assets for possible impairment whenever circumstances indicate the carrying amount of an asset may not be recoverable. An impairment loss is recognized to the extent the sum of undiscounted estimated cash flows expected from the use of the asset is less than the carrying amount. No impairments have been measured to date.

Revenue

Cost-reimbursement grants and contracts are recognized as revenue as services are performed or as costs have been incurred.

Contributions

Contributions are recorded as support when funds are awarded. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Contributions received with donor restrictions whose restrictions are met in the same reporting period are reported as unrestricted support. Temporarily restricted net assets are reclassified to unrestricted net assets upon expiration of time restriction or when received. Unconditional promises to give due in the next year are recorded at their net realized value.

Loans Receivable and Allowance for Loan Losses

Loans receivable are stated at the principal amount outstanding. Interest income on loans is computed based on the outstanding loan balance and is accrued as it becomes receivable under the contractual terms of the note.

Allowance for loan losses is increased by provisions for loan losses charged to operating expenses and reduced by loans charged off. Allowances are determined based on management's evaluation of the collateralization of loans, historical losses, current and anticipated economic conditions, and other relevant factors. The allowance for loan losses is deemed by management to be adequate to absorb future loan losses.

Loans receivable may or may not require collateral. Collateral, if applicable, generally consist of various business and /or personal assets of the borrowers.

PeopleFund considers a loan impaired when based on current information or factors, it is probable that PeopleFund will not collect the principal and interest payments according to the loan agreement. Management considers many factors in determining whether a loan is impaired, such as payment history, value of collateral, and changes in the net income of the customer. Loans that are delinquent less than two months are generally not considered impaired, unless the customer has claimed bankruptcy or PeopleFund has received specific information concerning the loan impairment. PeopleFund reviews delinquent loans to determine impaired accounts. PeopleFund measures impairment on a loan-by-loan basis by either using the fair value of collateral less legal and administrative selling fees or the present value of expected cash flows. Substantially all of PeopleFund loans that are identified as impaired have been measured using the fair value of the collateral less legal and administrative selling fees.

Loans are placed on nonaccrual status when management believes, after considering economic conditions, business conditions, and collection efforts that the loans are impaired or collection of interest is doubtful.

PeopleFund

Notes To Consolidated Financial Statements
December 31, 2015 and 2014

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Interest previously accrued remains outstanding and payments received are first applied to accrued interest and then to principal.

Loans are returned to accrual status when the loan is deemed current, and the collectability of principal and interest is no longer doubtful.

Foreclosed Assets

Assets acquired through foreclosure, including other real estate owned (“OREO”), are held for sale and are initially recorded at fair value less estimated selling costs when acquired, establishing a new cost basis. Costs after acquisition are generally expensed. Any write-downs at the date of foreclosure are charged to the allowance for loan losses. Expenses incurred to maintain these properties, unrealized losses resulting from write-downs after the date of foreclosure, and realized gains and losses upon sale of the properties are included in other non-interest expense and other non-interest income, as appropriate. The valuation of foreclosed assets is subjective in nature and may be adjusted in the future because of changes in economic conditions. OREO totaled \$0 and \$70,000 at December 31, 2015 and 2014, respectively.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Federal Income Tax

PeopleFund is a nonprofit organization exempt from federal income taxes under IRS Code Section 501(c)(3). Therefore, no provision has been made for Federal income taxes in the accompanying financial statements.

PeopleFund, as the exempt owner of PeopleFund NMTC, LLC and PeopleFund Advisors, LLC has elected to treat these entities as disregarded as such the operations and finances of these entities is treated as PeopleFund’s for tax and information reporting purposes. PeopleFund believes the activities of PeopleFund NMTC, LLC are aligned with PeopleFund’s mission, so no tax would be due on any earnings.

The Organization’s management has analyzed the tax positions taken by PeopleFund, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. PeopleFund is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company’s management believes it is generally no longer subject to tax examinations relating to federal and state tax returns for three years after filing the returns.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Subsequent events

PeopleFund has evaluated events as of May 11, 2016 the date the financial statements were available to be issued. It was noted that in February 2016, Banc One Neighborhood Development Corporation (“Banc One”) and JPMorgan Chase Bank (“JPMCB”) agreed to sell PeopleFund 890 shares (from Banc One) of Southern Dallas Development Fund, Inc. (“SDDF”) and 750 shares (from JPMCB) of SDDF to PeopleFund for a total purchase price of \$1.00 resulting in the recognition of \$1,300,480 in revenue. In addition, the State of Texas Office of the Governor forgave a loan on May 11, 2016 for \$500,000.

PeopleFund
Notes To Consolidated Financial Statements
December 31, 2015 and 2014

NOTE 3- RESTRICTED CASH

As of December 31, 2015 and 2014, cash in the amount of \$1,578,931 and \$346,178 was restricted for use in specific loan funding programs.

NOTE 4- CONCENTRATIONS

PeopleFund's financial instruments exposed to concentrations of credit risk consist of investments which are held in brokerage accounts and cash deposits with financial institutions. PeopleFund has not experienced any losses due to this credit risk. As of December 31, 2015 and 2014, investments in excess of SIPC insurance amounted to \$1,340,888 and \$814,335, respectively, and cash deposits in excess of FDIC insurance amounted to \$2,209,866 and \$323,345, respectively.

At December 31, 2015, the amount that exceeds the SIPC coverage is protected by an insurance policy provided through the brokerage firm. The policy provides additional coverage above the SIPC limits to \$1.9 million.

NOTE 5- ACCOUNTS RECEIVABLE

Accounts receivable consists of the following at December 31, 2015 and 2014:

	2015	2014
Grants receivable	\$ 134,464	\$ 36,519
Short-term notes receivable	530,600	507,239
Other	75,426	1,000
	<hr/> <u>\$ 740,490</u>	<hr/> <u>\$ 544,758</u>

NOTE 6- LOANS RECEIVABLE

Loans receivable consists of the following at December 31, 2015 and 2014:

	2015	2014
Small Business Loan Fund	\$ 7,119,246	\$ 5,769,177
SBA Community Advantage Fund	5,281,543	3,292,603

SBA Microloans	675,453	813,695
Loans receivable	<hr/> <u>\$ 15,217,776</u>	<hr/> <u>\$ 9,875,475</u>

PeopleFund had contractual agreements to loan \$1,219,413 and \$1,432,426 in funds not yet disbursed as of December 31, 2015 and 2014, respectively.

PeopleFund

Notes To Consolidated Financial Statements
December 31, 2015 and 2014

NOTE 6- LOANS RECEIVABLE (CONTINUED)

Loan Origination/Risk Management

PeopleFund has certain lending policies and procedures in place that are designed to generate loan income within an acceptable level of risk. All loans are made to borrowers of good character and integrity. Management reviews and approves these policies and procedures on a regular basis. A reporting system supplements the review process by providing management with frequent reports related to loan production, loan quality, concentrations of credit, loan delinquencies and non-performing and potential problem loans. Diversification in the loan portfolio is a means of managing risk associated with fluctuations in economic conditions. All of the loans are to borrowers located in Texas, with majority of the loans in Central Texas. The loan sizes range from roughly \$295 to \$260,000 at December 31, 2015.

Small business loans are underwritten after evaluating and understanding the borrower's ability to repay the loan through operating profitably and effectively growing its business. PeopleFund's management examines current and projected cash flows to determine the ability of the borrower to repay their obligations as agreed. Small business loans are primarily made based on the credit quality and cash flows of the borrower and secondarily on the underlying collateral provided by the borrower. Most small business loans are secured by the assets being financed or other business assets such as accounts receivable or inventory and may incorporate a personal guarantee to add strength to the credit and reduce the risk on a transaction to an acceptable level; however, some short-term loans may be made on an unsecured basis to credit worthy borrowers. In the case of loans secured by accounts receivable, the availability of funds for the repayment of these loans may be substantially dependent on the ability of the borrower to collect amounts due from its customers.

Allowance for Loan Losses

The allowance for loan losses is a reserve established through a provision for loan losses charged to expense, which represents management's best estimate of probable losses that have been incurred within the existing portfolio of loans. The allowance, in the judgment of management, is necessary to reserve for estimated loan losses and risks inherent in the loan portfolio. Accordingly, the methodology is based on historical loss experience by type of credit and internal risk grade, changes in the composition and volume of the portfolio, and specific loss allocations, with adjustments for current events and conditions. PeopleFund's process for determining the appropriate level of the allowance for loan losses is designed to account for credit deterioration as it occurs.

The provision for loan losses reflects management's periodic evaluation of individual loans and changes to the required allowance for specific loans, economic factors, past loan loss experience, loan quality trends, including the levels of and trends related to non-accrual loans, past due loans, potential problem loans, criticized loans and net charge-offs or recoveries, among other factors. Portions of the allowance may be allocated for specific credits; however, the entire allowance is available for any credit that, in management's judgment, should be charged-off. While management utilizes its best judgment and information available, the ultimate adequacy of the allowance is dependent upon a variety of factors beyond PeopleFund's control, including, among other things, the performance of PeopleFund's loan portfolio, the economy, changes in interest rates, and the view of the regulatory authorities toward loan classifications.

The allowances established for probable losses on specific loans are based on a regular analysis and evaluation of problem loans. Loans are classified based on an internal credit risk grading process that evaluates, among other things: (i) current payment status (performing or non-accrual); and (ii) the underlying collateral, if any.

PeopleFund

Notes To Consolidated Financial Statements
December 31, 2015 and 2014

NOTE 6- LOANS RECEIVABLE (CONTINUED)

Specific valuation allowances are determined by analyzing the borrower's ability to repay amounts owed, collateral deficiencies, and the relative risk grade of the loan and economic conditions affecting the borrower's industry, among other things. Historical valuation allowances are calculated based on the historical loss experience of specific types of loans and the internal risk grade of such loans at the time they were charged-off. Allocation of a portion of the allowance to one category of loans does not preclude its availability to absorb losses in other categories.

The following table details activity in the allowance for loan losses by portfolio segment for the year ended December 31, 2015 and 2014:

	Small Business Loans	SBA Microloans	Total
2015:			
Beginning balance	\$ 455,039	\$ 18,893	\$ 473,932
Charge-offs	(504,979)	-	(504,979)
Provisions, net of recoveries	<u>1,082,131</u>	<u>(8,126)</u>	<u>1,074,005</u>
	<u><u>1,032,191</u></u>	<u><u>10,767</u></u>	<u><u>\$ 1,042,958</u></u>
2014:			
Beginning balance	\$ 581,691	\$ -	\$ 581,691
Charge-offs	(444,100)	-	(444,100)
Provisions, net of recoveries	<u>317,448</u>	<u>18,893</u>	<u>336,341</u>
	<u><u>455,039</u></u>	<u><u>18,893</u></u>	<u><u>\$ 473,932</u></u>

Credit Quality Indicators

As part of the on-going monitoring of the credit quality of PeopleFund's loan portfolio, PeopleFund utilizes a risk grading system to assign a risk grade to each of its small business loans. Accurate and timely credit grading is a primary component of an effective loan review system.

On a loan-by-loan basis, each loan is assigned to one of the following categories:

CATEGORY	Allowance Target
100 % Real Estate Secured	0%
LTV < 100, Secured Performing	0%
LTV >100, Secured Performing	5%
Secured, Non Performing	15%
Unsecured, Performing	5%
Unsecured, Non Performing	95%
To be written off	100%
Write off with anticipated 50% > recovery	50%
SBA Community Advantage	0.75%
SBA Microloan	0%
Other Loan Specific	Varies

PeopleFund
 Notes To Consolidated Financial Statements
 December 31, 2015 and 2014

NOTE 6- LOANS RECEIVABLE (CONTINUED)

The allowance target (as a percentage of the outstanding loan principal balance) has been determined based upon historical information and management's estimation of amount to be collected.

PeopleFund also evaluates the collateral value compared to the outstanding principal balance as well as loan performance when determining which category to place the loan.

SBA Microloans that are performing have no allowance as a Reserved Cash account of \$75,000 is required for each of the Microloan funds and can be drawn upon to offset any losses.

SBA Community Advantage loans are substantially guaranteed by the SBA. As a result only the unguaranteed portion (approximately 0.75% of the outstanding principal balance) is provided for with the allowance for loan losses.

The recorded investment in financing receivables and certain credit quality indicators by type of loan as of December 31, 2015 is as follows:

	Small Business Loans	SBA Microloans	Total
Gross loan receivables balance	\$ 14,542,323	\$ 675,453	\$ 15,217,776

Cash reserve	<u>62,377</u>	<u>18,893</u>	<u>81,270</u>
	<u><u>455,039</u></u>	<u><u>18,893</u></u>	<u><u>473,932</u></u>

Impaired Loans

Loans are considered impaired when, based on current information and events, it is probable PeopleFund will be unable to collect all amounts due in accordance with the original contractual terms of the loan agreement, including scheduled principal and interest payments. Impairment is evaluated on an individual loan basis. If a loan is impaired, a specific valuation allowance is allocated, if necessary, so that the loan is reported net, at the present value of estimated future cash flows using the loan's existing rate or at the fair value of collateral if repayment is expected solely from the collateral. Interest payments on impaired loans are typically applied to principal unless collectability of the principal amount is reasonably assured, in which case interest is recognized on a cash basis. Impaired loans, or portions thereof, are charged off when deemed uncollectible.

At December 31, 2015 and 2014, loans individually evaluated for impairment were approximately \$979,276 and \$798,490, respectively.

The result of the acquisition is the recognition of a gain of \$1,463,631 on the consolidated financial statements for the year ending December 31, 2015.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors of
PeopleFund
Austin, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the consolidated financial statements of PeopleFund, which comprise the consolidated statement of financial position as of December 31, 2015, and the related consolidated statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon May 11, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered PeopleFund's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of PeopleFund's internal control. Accordingly, we do not express an opinion on the effectiveness of PeopleFund's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether PeopleFund's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of PeopleFund's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering PeopleFund's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE
UNIFORM GUIDANCE**

To the Board of Directors
PeopleFund
Austin, Texas

Report on Compliance for Each Major Program

We have audited the compliance of PeopleFund with the types of compliance requirements described in the U.S. Office of Management and Budget (*OMB*) *Compliance Supplement* that could have a direct and material effect on each of PeopleFund's major federal programs for the year ended December 31, 2015. PeopleFund's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grant applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance with each of PeopleFund's major federal programs based on our audit of the specific compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations (CFR) 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements to Federal Awards (Uniform Guidance)* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about PeopleFund's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with each major program. However, our audit does not provide a legal determination of PeopleFund's compliance.

Opinion on Each Major Federal Program

In our opinion, PeopleFund complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2015.

Report on Internal Control Over Compliance

Management of PeopleFund is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered PeopleFund's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the *Uniform Guidance*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of PeopleFund's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirements of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a *material weakness* in internal control over compliance, yet important enough to merit the attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be *material weaknesses* or *significant deficiencies*. We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of our testing based on the requirements in accordance with *Uniform Guidance*. Accordingly, this report is not suitable for any other purpose.

PEOPLEFUND

Notes to Schedule of Expenditures of Federal Awards
Year Ended December 31, 2015

(1) Summary of Significant Accounting Policies

(a) Reporting Entity

The Schedule of Expenditures of Federal Awards (the “Schedule”) includes the activity of all federal loan programs administered by PeopleFund. The Organization is defined in Note 1 of PeopleFund’s consolidated financial statements.

(b) Basis of Presentation

The Schedule presents total federal awards expended for each individual program in accordance with the *Uniform Guidance*.

(c) Basis of Accounting

The expenditures for each of the federal financial assistance programs are presented on the accrual basis of accounting, which is defined in Note 2 of PeopleFund’s consolidated financial statements.

(2) Relationship to Federal Financial Reports

The amounts reported in the financial reports agree with the amounts reported in the accompanying Schedule which is prepared on the basis explained in Note 2 of PeopleFund’s consolidated financial statements.
